PARMAR GROUP

STEEL FABRICATION | CONSTRUCTION | INTERIOR

Parmar Group is an engineering organization, that started with Structural Steel Fabrication Work, since then the company has expanded and diversified into Civil Repairs, New Construction and Interior Work ; and has more than 40 years of excellence in Project Execution. In the last 40+ years the company has worked with various types of industries like Cement, Education, Textile, Shopping Mall, Entertainment, Automobile, Hospital, Hostel Building etc.

Parmar Group aims at maintaining a high degree of transparency at all levels to achieve everybody's satisfaction. We have highly qualified technocrats who have carried out variety of projects during the development of the company.

Now we diversify ourselves into Pre Engineered Building (PEB) Manufacturer and Multi Storey Steel Building.

We have worked with well known architects, consultants and clients.
